THE MASTERCLASS

Students choose two masterclass per semester. These courses are led by research professors, as close as possible to their research themes. They offer specialized education to strengthen the expertise of students in the context of their specialization or their professional project. This proximity makes it possible to link pedagogy to research, it is an opportunity to involve students in the research of their teachers. They thus discover, in a concrete way, the work of a researcher that

they experience through their applied research theses.

Some examples of masterclass at ESDES:

- Social entrepreneurship
- Information and disinformation on the international scene at the time of fake news and conspiracy theories
- Processing Complexity with Emotional, Sensorial and Spiritual capacities
- Recovery of companies in difficulty
- Governance of family businesses
- Behavioral Finance
- Narrative Analysis
- Sustainability and Luxury Marketing
- Socially responsible investment
