D / Living with a French family

- Best option for students staying for one semester
- Those who wish to improve their French language
- experience and live like French people do

Living with a French family means that students who choose this option will be sharing both the apartment and lifestyle with their host family. Students will have the opportunity to immerse themselves in the French culture and create life-long bonds with their surrogate families.

This housing option is strongly recommended if you want to **improve your language skills** and take advantage of the local culture.

This option usually includes half board Monday–Friday and full board for the weekends.

Costs:

- 670 € per month
- 60 € non-refundable administration fee

We select families for their seriousness and their wish to meet and integrate a foreign student.

A host family in Lyon provides:

- Individual room
- Access to the kitchen and bathroom (respect for the rules of family life)
- Washing machine (minimum 1 wash per week but generally unlimited)
- Linen
- 2 meals per day with the family (breakfast and dinner) and 3 meals on weekends.

Guide to host family accommodation

Information for Students

You've chosen accommodation with a family to discover the daily life of a French family. Here is some practical information concerning your stay with the family:

Reception on the day of arrival

We ask our host families to pick up the student, on the day of arrival, from one of the two main train stations or at the airport. You have an e-mail address for the family and the family has a contact e-mail address for you. Please don't hesitate to contact your host family ahead of your arrival in Lyon to get to know each other and arrange directly with them for your arrival in Lyon.

Use and availability of living space

Unless otherwise specified, a single room is to be inhabited and used by the student and only the student. You should be able to work in your room so a desk/table and adequate lighting should be provided. The room should be heated during periods of cold weather. The room should contain a bed, storage, a place to hang clothes, a desk, adequate lighting and at least one chair.

Bathroom: you should have access to the bathroom and be able to take at least one shower per day. You will be provided with the keys to your accommodation during the period of your stay. It is extremely important that you take great care of them. It is your responsibility to keep them with you and ensure that they are not lost or left unattended.

Cleaning and Hygiene

Washing clothes: the host family is free to propose whether they wash your clothes or give you access to the washing machine (one full laundry per week minimum).

Bed linen and towels are provided by the family and must be changed by the family at least every 15 days. It is important that you keep the space provided to you clean and tidy, however, housekeeping (vacuum cleaning, bathroom cleaning) is taken care of by the family.

Meals and use of the kitchen

Reception half-board: Two meals should be proposed per day, breakfast and evening meal. Full board on weekends.

Catholic University asks its host families to provide balanced, abundant, nourishing and varied meals prepared by preference from fresh ingredients as opposed to processed foods.

Examples:

- a «French» breakfast consisting of a hot beverage, bread/biscotti with butter/jam and or cereal according to the student's tastes
- a main «French» meal consisting of a starter, a main meal (hot) with garniture and cheese or dairy and/or dessert or fruit.

Mealtimes are ideal moments to chat and get to know your French host family. It also allows you to put into practice your French. Unless specifically requested and accorded, students in half-board accommodation will not have access to the kitchen for the purpose of preparing meals. Of course, they will be attributed to a small space in the refrigerator for storing snacks and have access to the kitchen so as to reheat food, prepare hot drinks etc.

Telephone/Skype

We would ask you to not use the family's telephone to make calls unless authorized by the family. You may, however, receive calls on the family's phone. It is important to verify with the host family the hours when you can receive calls on the family's phone or be on Skype with your relatives, especially for students coming from a country in a different time zone.

Friends

If you would like to invite friends to your host family's home you must inform the family in advance and have their authorization. Unless it has been agreed with the family ahead of time it is forbidden to have overnight guests in your room.

Day-to-day

The exchange is based on trust. It is important that each party shows respect and uses common sense so as to permit eventual cultural differences to co-habit. It is important that the family be available for exchange and conversation. Of course, they have the right to be absent from the home from time to time (weekends, evenings out...). Please inform your host family if you are going to be absent, should this be for a night or for a weekend.

The rules used by the host family are the rules of everyday life. Don't hesitate to discuss important aspects/differences between the way of life in your country of origin and the «French» way of life.

Insurance

You must have both health and personal liability insurance before your arrival in France. Please ensure that you have these documents in your possession to prove that you are insured. Health insurance permits eventual medical fees to be taken charge of.

Personal Liability insurance covers any eventual compensation to the family in the event that you cause damage to the accommodation of family possessions. If you are not covered by insurance, you might be asked to pay for the damages. The family and accommodation are also covered by their own liability insurance.

Payment and receipts

You have to pay for your homestay before your arrival in France.

Family absences, changing family

If the host family leaves for the weekend during your stay, they are obliged to inform you. They must leave an emergency number

If you are in Half Board accommodation the family should prepare your meals for the day where they are absent.

At the arrival or during the following seven days, the family and the student reserve themselves the right to cancel the renting at no condition, however, the student has to pay for the days he/she spent in the family and also for the meals.
