Before connecting to the registration link (or completing the paper application) sent by your School, Faculty or Institute: ask for your CVEC number

The Student Orientation and Success Act (loi Orientation et Réussite des Etudiants) promulgated on 8 March 2018 introduced a Student and Campus Life Contribution (Contribution Vie Etudiante et de Campus, CVEC) designed to improve living conditions for students on campus.

All students undergoing initial training at a higher education establishment must pay this contribution before registering and must provide the attestation number (or attestation) to the secretariat of their institute, faculty or school when they register.

The CVEC is paid online using the following link: [Accueil - CVEC, Contribution de vie étudiante et de campus \(etudiant.gouv.fr\)](https://cvec.etudiant.gouv.fr)

Scholarship students must log into the CVEC website and provide a CVEC certificate, **but do not have to pay.**

Special case:

Students on continuing professional education (Formation Professionnelle Continue) and alternating professional training contracts (alternants en Contrat de Professionnalisation), who are also part of the continuing education program, are exempt from the CVEC.

International exchange students travelling to France are not affected by this contribution (Erasmus + students and partner universities).

UCLy's Solidarity Fund

The health crisis and its effects have revealed the need for UCLY to set up a support fund, based on solidarity, to help learners whose financial situation has suddenly deteriorated as a result, for example, of the unemployment or death of a relative, the bankruptcy of a company, the loss of a student job or any other reason giving rise to a significant drop in income.

Thanks to a **contribution of 15 euros per enrolled student**, since the beginning of the 2021 academic year it has been possible to provide **"emergency aid"** to learners in serious financial difficulty, after investigation by the Vice-Rector for Student Life (Vice-Rectorat à la vie étudiante).

To ensure a rapid response, grants of less than 500 euros are awarded by simple decision of the Vice-Rector in charge of student life.

Above this amount, it is awarded by a committee made up of :

- ✚ The Vice-Rector in charge of student life
- ✚ The secretary general
- ✚ The equal opportunities officer
- ✚ A member of the Board of Directors
- ✚ And a maximum of two people invited by the Vice-Rector in charge of student life, depending on the cases to be studied.

All sums collected under this fund are earmarked exclusively for these aids, and their use will be the subject of a financial report that will be made public at the end of each university year.

Health contribution

UCLy is keen to offer each of its students a high level of **health services**.

The health contribution of 30 euros is used to develop the UCLy's own Health Unit (Pôle Santé), which includes Preventive Medicine, Point Ecoute (psychological help and support) and Mission Handicap (project for disable people), and helps all students with the various aspects of their **physical and mental health, as well as their learning, in order to help them succeed in their university studies**.

Throughout their time at UCLy, students benefit from **individual consultations and support**, as well as **occasional large-scale prevention** initiatives relating to student health and well-being (smoking, sleep, alcohol in the evening, addictions, etc.).

//////////PREVENTIVE MEDECINE//////////

The **doctor** listens, advises and informs learners throughout the year during preventive consultations and consultations during which any other questions relating to vaccinations, smoking cessation, sexual health, stress, psychological fatigue or specific medical advice can be discussed. He is assisted by a nurse. He is assisted by a nurse.

The nurse's main role is to offer personalized support and follow-up to each student throughout their university career, for everyday ailments, vaccinations, occasional advice and certain medical check-ups. If necessary, the nurse will refer you to the doctor. The infirmary is also a place where students can talk about their health and well-being.

The doctor and nurse also take part in prevention and health education initiatives.

//////////CONSEILS GYNECOLOGIQUES//////////

The midwife offers gynaecological consultations which may include STI screening, prevention and appropriate treatment, gynaecological disorders, infections, contraceptive advice and follow-up.

//////////POINT ECOUTE//////////

A **clinical psychologist** is on hand all year round at the Listening Point (psychological help and support) to support learners who are going through a difficult time. These sessions are confidential.

The Listening Point is a place for all UCLy students to talk. They can also find a place to meet, talk and receive support.

//////////LA MISSION HANDICAP//////////

Since 2005, UCLy has had a **Mission Handicap** (project for disable people). **The Disability Officer** receives requests from UCLy students with disabilities and facilitates communication with their School/Faculty/Institute.

The support offered by Mission Handicap is personalized and adapted to the learner's profile, course of study and project. It adapts to your needs throughout your course of study

After the beginning of the year: activate your IZLY card

When you register online, you will need to submit your ID photo, which will be used to print out your student card (known as the **Izly** card).

The **Izly** card allows you to:

- Pay for meals at Crous Resto'U and Cafet'U restaurants
- Access control (campus, self-service computer rooms at Campus St Paul, bike shed)
- Access to the reprography service
- borrow documents from the library

✓ **To use this card, you will need to activate and create your [Izly](#) account.**

Your account will be activated when you pay the CVEC. The Izly site will automatically send you an e-mail (to the address used for payment): "**activation of your Izly account**" with an activation link and a temporary secret code.

If you have not received the activation e-mail, you will have to return to the platform to request another activation e-mail with a new temporary password.

Your Izly account is now active: you can top up your account online and pay for your meals either with your contactless card or with your smartphone via a QRcode by downloading the Izly mobile application.

Students on professional training contracts (Etudiants en contrat de professionnalisation), **Continuing Professional Development learners** (Apprenants en Formation Professionnelle Continue) and **incoming Erasmus+ students not concerned by the CVEC: Please log on directly to the IZLY website to activate your card.**

Your student card will be issued to you at the beginning of the academic year by your department.

Social security system: take the right steps

Take the right steps to be reimbursed quickly and effectively!

The right steps to take

To ensure that your healthcare costs are properly covered and that you are reimbursed quickly and correctly, here are some good habits to adopt:

- ✓ **Update your Carte Vitale** (once a year and whenever your situation changes, at the terminals installed in all the health insurance funds or pharmacies). This ensures that your data is up to date and makes it easier to reimburse healthcare costs.
- ✓ **Open an ameli account** (on the ameli app or on [ameli.fr](https://www.ameli.fr)). This allows you to track your reimbursements, change your personal details and ask questions via the messaging system.
- ✓ **Send the bank details (RIB)** by post to the health insurance fund where you live (indicating your national insurance number on the back) to have your healthcare costs reimbursed.
- ✓ **Register a GP** to ensure better medical care. He or she will offer appropriate care and refer students to a specialist if necessary. What's more, treatment is better reimbursed.
- ✓ **Take out an additional healthcare cover** to supplement your National Health Insurance reimbursement and reduce the amount you have to pay out of pocket.
